Sam, David –

Deliberative Process / Ex. 5

Turnaround time may be tight. My understanding is that input to Alexis' package was originally requested by COB today, but we just heard about this specific request. I don't think my office is the appropriate one to have the lead on either of these, but I'm happy to help if you need any input from us, and I'd like to see the Rosemont bullets if NEPA is mentioned.
